

# Cornell Cooperative Extension of Tioga County's Farm Incubator Program

## Our Program Goals Include:

- Providing basic livestock and horticultural training to eight beginning farmers
- Three-year land tenure at Hilltop Community Farm
- Mentoring in farming and post-harvest techniques
- Training in farm business marketing and management
- Assistance in land acquisition for graduating farmers
- Demonstration of climate smart farming techniques to farmers and students

## Outcomes:

- Train four vegetable farmers, three livestock farmers and one specialty crop farmer so that they may farm independently after their three-year tenure is complete
